What did you like and/or learned from colleagues at this Staff Mtg which included activities and discussion on DEI?

15 People shared that the DEI discussion was positive. There was a consensus to learn more about co-workers and increase DEI awareness.

> “I learned that awareness could create inclusion. The cultural upbringing of each person contributes to the way it shapes their views. The workplace should be a place where we unite under a common goal of providing services to people in need without prejudice.”

What did you not like, if anything, about those activities at the meeting?

The majority of respondents liked the breakout sessions, almost split even that the breakout sessions were too short/just right for the activity.

“Our group session was too short, and we needed more time for discussion.”

What topic, activity or exercise would you like be included in a next CVCC Staff monthly mtg?

- Diversity, Equity, and Inclusion
- Staff Status
- Outside Voices
- Self-Care
- Cultural Exposure

Now, for the days you work remotely from home, how satisfied are you with your current work from home arrangement?

Compared to last time we asked this question in July 2020, are you feeling more optimistic or pessimistic about working from home/remotely?

Top Challenges to work on once schools re-open if we continue hybrid work schedules (working from home and at office)

"The reopening of FRC and contact with clients, how some folks won't obey the rules or maintain social distancing, wear mask, etc."
