A Better Life Together – The B.R.I.D.G.E. Project

A Better Life Together, Inc. - The B.R.I.D.G.E. Project

Bridging Resources into Diverse Groups Everywhere

BRIDGING THE GAP BETWEEN THE COMMUNITY AND THE SAN DIEGO REGIONAL CENTER

A Better Life Together provides information to community and faith-based organizations regarding low to no-cost services offered by the Regional Center to individuals with Intellectual and Developmental Disabilities. Presentations and services are FREE. We would love to partner with you!

Presentations:

- We can present to your staff, to your community partners, to the community at your site, events or meetings
- Presentations can vary in length and style (visual, written, oral or a combination)
- We can also schedule private meetings if this makes the individual more comfortable.

Services:

- We work as a liaison between individuals and the San Diego Regional Center.
- With the person's consent, A Better Life Together can even help with completing the application for services and follow-up with the San Diego Regional Center about their case.

A Better Life Together is here to help your organization connect eligible persons with low to no cost services to start them on a path to a better quality of life.
