B.R.I.D.G.E. PROJECT

What We Do

The "**B.R.I.D.G.E. Project**" is funded by the Department of Developmental Services and was awarded to A Better Life Together, Inc.

BRIDGING RESOURCES INTO DIVERSE GROUPS EVERYWHERE

Our Mission

Our primary focus is to reach out to all communities and educate them about available services and supports provided by the San Diego Regional Center to those with intellectual and developmental disabilities. We also work as a liaison between individuals and the San Diego Regional Center.

Project Highlights

- Our presentations, trainings and liaison services are **FREE**
- Comprehensive information about eligibility for and the intake process of the San Diego Regional Center
- With the individual's or parent's consent, we offer assistance with the intake process and advocacy during the Individual Program Plan (IPP) or Individual Family Service Plan (IFSP).
