June 2021 State Re-Opening

Cross-sector partnerships: Flexible Workforce, Health and Social Services

Collaboration is becoming the new norm, with organizations breaking silos and coming together to innovate and create.

CVCC moving forward toward **recovery and rebuilding** after the COVID-19 pandemic.

Reflect…

… on community health needs and opportunities illuminated by the pandemic and consider further actions needed to improve the health and well-being of all people.

- Who/what partners do you want **to thank or recognize** for their partnership and support this past year in improving community health?
- Last year was undeniably a difficult year for individuals, families and communities, but there were bright spots. Tell us about **a new practice or solution** you experienced in community health during the pandemic and **why it should become a lasting change**.
- How would you describe your **community health & social equity** work/strategies/partnerships?

Renew…

…commitment to community health improvement, including working with **cross-sector partners** to better serve our communities.

Rise Together…

…TO STRENGTHEN OUR COMMUNITIES THROUGH **COLLABORATIVE AND CREATIVE** WORK AND **INVESTMENT** IN OUR NEIGHBORHOODS AND ONE ANOTHER.

GOAL: STRENGTHEN OUR COMMUNITY COLLABORATIONS AND OUTCOMES WITH **A CALL TO ACTION** TO CONTINUE THE WORK OF ALIGNING STRATEGIES AND TACTICS TOWARD HEALTHY, EQUITABLE COMMUNITIES.
